

My Hope [C]

[Default Arrangement]

VERSE 1

Oh my Jesus Christ, you are the Lord of my life
And if this world asks me why, I have this hope inside
My response will always be given ever so respectfully
But I will not be ashamed to say

CHORUS

You are set apart here in my heart
Come what may, still I will say
You are my hope
You are my hope

VERSE 2

Oh my Jesus Christ, you chose to suffer with your life
Taking the rightful place for us, the just would die for the unjust
So if I have to suffer in this life, let me suffer doing what is right
Let me stand firm for Your name

BRIDGE

Whom shall I fear?
What shall I dread?
For the One who's holding me
Has been seated down upon the throne
He is Jesus Christ, He has risen from the dead
